

Dancers Information General

Flirtz

www.flirtzclub.co.uk

We are currently looking to add to our dancers in both our clubs.

The season seems to have come early and all of a sudden we have been extremely busy, looking at the bookings already attained we ARE going to need extra dancers.

We would like to hear from existing dancers who fancy a change of scenery, or those returning to the industry after breaks, we will also take on inexperienced dancers and will provide free training as required.

- **Experienced Dancers.** Easy for you really, contact us & we will arrange a working audition to suit, you will be issued with a set of our house rules, (normal stuff really)
- **New Dancers** In the first instance you need to find some time for you to pop into the club to have an informal chat to the manager or house mum, see dress codes, meet the staff & generally see how things are done before you start. (you may bring a friend if you are nervous, most are.!)

Prior to commencement of work you must provide the following;

1. A duly filled in dance contract & registration forms. (blank forms will be provided)
2. Proof of identity, Picture driving license or Passport. We require original documents. (these are your property & will not be retained by ourselves)
3. Suitable attire, prior to 11pm the dress code is "elegant, smart, evening dress of which must cover both knees in length. After 11pm anything goes providing in the bar areas no nipples are exposed, thongs are ok providing bum cheeks are covered. (If a hand can be applied to bare skin this is not acceptable) the management will continually monitor attire throughout the night & managers decision is final.

These are a summary & may change as required.

All applications will be strictly confidential but we do require contact info for next of kin, friend or similar prior to work in case of emergencies etc.

Doors open 8:30pm ready for 9pm start. (Saturdays open one hour earlier)

You will need more info, the next step is contact us
